

The MNIC Job Zone!!!

At the MN Internship Center Charter High School!

Show me the Money!

Are you interested in learning how businesses make money and how to start your own business one day?

Medical Assembly

As a medical assembler, you become a lifeline of health care patients needing special devices.

Patient Feeding

Are you thinking about a health care career? If so, this course is a great first step to expose you to CPR and first-aid.

CNA

Let the next stage of training begin where successful students can become certified as a CNA (Certified Nursing Assistant).

Build a Restaurant

Learn about food from an actual chef's crew! May include internship in the food industry.

Green Jobs

It's not easy being green. Students will also have an opportunity to earn money and credits with a green internship.

Community Artist

Are you the next Tyler Perry or Cameron Diaz? If so, showcase your talents and get to perform at a real theater!

Ready, Set Report

Do you enjoy talking to others and sharing your opinions? If so, you may enjoy being part of MNIC's school newspaper.

Kid Care

Take the opportunity to earn a certificate in child development and potentially earn college credits!

Next Step, College!

Are you able to take on extra work to prepare for your future? Find out how to be successful with this course.

Relax, Take the Test

Are tests stressing you out and causing headaches? Get the academic skills and confidence needed to improve your test-taking abilities.

Tools of the Trade

Are you ready to get to work, earn some money and learn a trade? This program teaches skills in carpentry, electrical and/or plumbing!

Bikes, Cars and Adventures

Time to explore the community, learn some valuable hands-on skills! Transportation will be the theme of this course.

You're Hired

Fed up with the job market? Learn some valuable job seeking skills and how to prepare resumes and cover letters.

Geek Zone

Learn the basics of computers in this course with attention spent on operating functions, programs, software and the internet/email.

Personal Care Assistant

The personal care assistant program is a great way to test your skills and gain an entry level job in the health care field.

Heavy Lifting

Time to start the engine and rev it up for some heavy lifting - with the help of a forklift! Students in this course will receive the OSHA cert.

Intensive ESL Instruction

For newcomers who are either at the beginning or intermediate/advanced stages of the English language.

High School Diploma/GED

Seeking a high school diploma or GED? MNIC provides all of the required Minnesota coursework and tests necessary for graduation.

Sewing 'n Crafts

Are you the creative type with a passion for art? Why not learn to operate a sewing machine and explore all sorts of fun art projects!
