

Volunteer, Service Learning, and Internship Opportunities

Make a difference for yourself and others...

- Tutor students in Math, Science, Social Studies, or Computer Skills
- Help students to improve their English language skills
- Advocate for students who need access to social services, job-seeking skills or building a path to higher education
- Help with special projects such as marketing or special events planning
- Gain experience in a diverse urban high school setting
- Tutors work alongside talented teachers
- We match your interests with our needs to create the right internship for you
- Flexible scheduling
- Easy access to bus and light rail
- Training and support offered; reference letters, documentation of hours are provided
